

REGENCY POINTE

As you can imagine, we, at Regency Pointe, strongly believe in the value and beauty of our community. Therefore, brochures and pictures are not adequate to demonstrate the quality and lifestyle enjoyed by our residents. We would love to schedule a time when you and your family might be able to come by and enjoy a complimentary lunch and tour of our Regency Pointe and answer any questions that you may have.

We pride ourselves here at Regency Pointe knowing our residents have the opportunity to live the life they worked so hard to attain. For anyone seeking comfort and value, our apartment homes are spacious and affordable. For those who enjoy dining experiences, our dining room and meal service are both exceptional. If recreation is one's passion, Regency Pointe offers multiple championship golf courses within 5 – 10 minutes of our Community. We are conveniently located near the Coosa River, so boating, fishing or other water activities are available. Residents can also enjoy our heated pool/whirlpool or relax with friends in the Club room for cards, bingo or a movie. Want a quieter lifestyle? Enjoy the Library or take a walk or bike ride around Regency Pointe's community. At Regency Pointe, we offer what individuals are seeking in Retirement Living.

Our gracious lifestyle apartments include a washer and dryer and fully furnished kitchens (refrigerator, stove, microwave, dishwasher, and disposal). Housekeeping, which includes laundry service for your flat linens, is provided every other week. All maintenance for the appliances, plumbing, electrical, grounds and building exterior is included with your monthly fee. Cable service and all utilities (except telephone) are furnished. A meal plan (30 meals per month per person) is provided and local transportation for appointments and shopping is offered at no charge.

The Health Benefit included in our Services is a wonderful amenity that Regency Pointe provides our residents. If one of our Independent Residents needs to move on to Assisted Living or Skilled Nursing Care, Regency Pointe will pay \$600 per month for the duration of two years to the community of their choice towards that individual resident's care.
